Research Today, Future Tomorrow

About Foundation:

Maulikavyanshu Foundation is dedicated to promoting and preserving Indian culture, heritage, and values while empowering the girl child through education, safety, and development initiatives. We work on Beti Bachao, Beti Padhao, cultural awareness, women’s empowerment, health, hygiene, and community development. Our initiatives combine research, publications, training programs, and collaborations with national and international organizations.

About Conference:

The 2nd National Level Conference on Convergent Technologies and Future Systems aims to provide an interdisciplinary platform for researchers, academicians, industry professionals, and students to present and discuss recent innovations, trends, challenges, and future directions in convergent technologies. The conference encourages collaboration between technology, society, education, and sustainable development.

Objectives:

- To promote research and innovation in convergent and emerging technologies.
- To publish recent research trends in future-oriented systems.
- To strengthen research culture and quality publications among scholars
